Bridgetown Veterinary Emergency and Referral is ready to welcome a Veterinary Physical Therapist to join our Specialty and Emergency Hospital in the beautiful Pacific Northwest. This is a hospital that places a high value on its employees. The environment at BVER is very supportive and our focus is to develop and maintain a positive culture. We strive for excellent medicine and excellent patient care. We are privately owned and locally managed. With a fully equipped ER and ICU staffed by experienced professionals, you'll have the resources and support to provide exceptional patient care and confidently manage your cases. Our ideal candidate is collaborative, self-motivated, enjoys community outreach and is willing to help promote and maintain an outstanding hospital culture.

At Bridgetown, you'll join a collaborative team of specialists that includes three surgeons, two internists, three neurologists, one radiologist, an ophthalmologist, three criticalists, and an experienced emergency service. Supported by advanced imaging services available seven days a week, our multidisciplinary team works together to provide the highest level of care for patients while fostering a collegial and rewarding professional environment.

Advanced diagnostic and therapeutic equipment include a Canon Aplio A450 ultrasound machine, GE OEC 9800 Plus C-arm, Siemens Avanto 1.5T MRI, Toshiba Aquilion 128-slice CT, PrisMax and PuriFi dialysis systems, a Ho-YAG laser for PLDA procedures, a Tudor underwater treadmill, and three state-of-the-art digital X-ray rooms.

Daily case rounds foster collaboration among our multidisciplinary specialty team, providing opportunities to share knowledge, discuss challenging cases, and deliver exceptional patient care. Our rotating internship program contributes to a vibrant academic atmosphere, allowing specialists to mentor aspiring veterinarians while helping shape the future of the profession. Supported by advanced technology, a strong referral base, and a collaborative team of specialists and emergency clinicians, you'll have the opportunity to grow your service, pursue your clinical interests, and thrive in a progressive, state-of-the-art hospital.
